Dental Cosmetic / Bleaching

after

before

We bring smiles to live

We offer professional teeth whitening in only 1,5 hours with instant results incl. cosmetic teeth cleaning, fluoride & calcium treatment and polishing.

Whether you are self-conscious because you have yellowed teeth from smoking or drinking coffee/tea, or if you just want to look your best, tooth whitening is a sure way to brighten your smile and gain increased confidence in your appearance.

We use a special, mild and effective method that can dramatically whiten your smile in only one session. It is clinically proven to be safe.

Our facilities are designed to provide a relaxed atmosphere. The love your smile dental care team takes great pride in its knowledge and experience.
